1. A brief write-up about your Institute

**IQ CITY Medical College** is a private (non-profit) medical teaching institute with world class infrastructure that specializes in providing holistic medical education to produce well-trained, idealistic & humane doctors and para medical stuffs, who will serve the future nation with dedication. With the **800** bed multi-speciality hospital facility the Medical College promises to impart high-end medical education by enabling the students to interact with patients and get ample opportunity to hone their craft as medical practitioner, as they learn.

Near future this 50 acre **Health & Knowledge Campus** will have Hospital Management College, College of Dentistry, Allied Health Science College, Pharmacy College and International Standard School.

The unique opportunity to gain first hand clinical experience is something that promises to give the students of IQ City Medical College a competitive edge over students of other medical colleges. Not only that, it will also make them well prepared to face the myriad challenges of the medical profession.
