U S Institute of Medical Technology Education & Research (USIMTER) has been authorized by the State Medical Faculty Of West Bengal to conduct the Faculty's 2 year DMLT (Tech) Diploma in Medical Laboratory Technology ) Course.

AT USIMTER you will get excellent facilities and a congenial atmosphere for learning and development to much to that you will be proud to call yourself an alumnus of USIMTER at all times.

Our founders have a clearly defined purpose and mission to contribute in whatever way possible to the need for competent and qualified paramedical professionals in West Bengal and India, if not the international world.

We have skilled administrative personnel (including reputed medical administrators) who are service growth and achievement oriented. Our administrative goal is to ensure that our standards in all departments, including teaching and learning are always above industry standards, yet flexible enough to adjust to changing medical norms and practices.

We assist in placement and we are proud to inform that all our past students have been gainfully employed in different organizations.  
The opportunities are immense, especially in a fast developing country like India.  
Once you have the knowledge and certification, there are no unemployed Medical Lab Technicians except for the very few who have choose otherwise for personal reasons.
